*Tibet: (Rebels in southeastern Tibet are being hard pressed by Communist forces using aircraft and artillery.

rebel forces consider most of the southeast area lost. A large group of armed Khamba tribesmen and other Tibetans are reported to be camped near the Indian border. They are short of food and ammunition and are said to be under constant Chinese Communist attack. They hope to obtain permission to proceed into India near the point where the Dalai Lama entered.)

III. CONCLUSIONS OF SPECIAL USIB COMMITTEE
ON BERLIN SITUATION

OK (The USIB has taken note of the following conclusions reached by its special committee on the Berlin situation. LATE ITEM

***USSR:** Moscow's note of 21 April to Bonn, charging that measures to equip West German forces with nuclear weapons are designed to confront forthcoming East-West negotiations with a fait accompli, is a further Soviet move to discredit the Adenauer government and set the stage for Soviet proposals for a nuclear-free zone in Europe in the talks. The warning that negotiations will be doomed to failure if Bonn persists in its rearmament program is another step in Moscow's effort to establish in advance the rationale and justification for unilateral actions regarding Berlin and a separate peace treaty with East Germany in the event the talks fail. By focusing attention on the controversial issue of arming West Germany with modern weapons, the Soviet leaders are seeking to sharpen differences among the Western allies on the eve of the foreign ministers' conference.
